The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable domiticerine of its own, being a valuable domiticerit, nutritive, antiseptic and anti-terment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery' in subdular chronic, or lingering coughs, brouchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of fiesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and dids the Golden Seal root, Stone root, Sucen's root and Black Cherrybark in gromoting digestion and building up the besh and strongth, controlling the cough and bringing about a healthy condition of the whole system. April 13.
When the Duke and Duchess of Marlborough subscribed to separation papers early in Jaduary it was suggested that she would come to America this summer, but there has been no definite word before. Mrs. O. H. P. Belmont, the duchess' mother, has been abroad all winter. Her father, William K. Vanderbilt, is also sbroad.

How long she will remain in New York is a matter of conjecture. It is not stated whether her two boys will accompany her, or what other companions she will have.

Under the terms of the Marlborough PRICE ONE THE SUN. separation it is a question whether the boys, the Marquis of Blandford, now in his tenth year, and Lord Ivor Spencer Churchill, who will be nine in October, could be with their mother in New York for any length of time. The agreement is understood to have been that they should divide the year between their parents, but that the duke would have full control of their education until they became of eye, and that the duchess, although the could take her sons to the Continent during their holidays, agreed not to bring them to America for "any extended period" while they are minors.

It's a pleasure to teil our readers about a Cough Care like Dr. Shoop's. For years Dr. Shoop has fought against the use of Optum. Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cougo Cure containers have had a warning printed on them against Opium and narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

The Corporation Commission has acted favorably upon a certificate of incorporation of the Automatic Train Protective and Signal Company.

Hon. Marshall McCormick and Dr

M. Griffith, of Berryville, and Mr. C. W.
S. Turner, of Middleburg, are incorporators, and the principal offices of the
company will be at Berryville.
The business to be conducted by the

company is to deal in ratiway supplies and to equip railways with its automatic and complete system for protecting rail-way trains and tracks, which eliminates entirely human agencies in its operation. The system, it is claimed, protects against collisions, hesd-on and resr-end: accidents arising at crossings of railways, open switches, or damaged tracks, from aide-wipes and stray cars, and from all

preventable causes. The inventor, Mr. Turner, president of the company, has, assisted by Mr. W. Talbot Sinelair, a talented young electrical engineer, set up in Washington an exhibit em odying the essential features of this system, which has attracted the favorable interest of a number of prominent railway officials, who are theroughly familiar with railway sienals.
